

COMPLIANCE SCORE

100 = no detectable issues

**2** CRITICAL    **103** MAJOR    **1** MINOR    **10** PAGES

# What leadership should know first

## Executive summary

Townoflapointewi was scanned across 10 public pages. The automated review found 2 critical, 103 major, and 1 minor issues, with the highest-risk problems concentrated in Website, Technical WCAG, Forms. This report is structured so district leadership can understand current exposure quickly while the webmaster gets exact page-level fixes to work from immediately.

## What to do first

- Fix forms issue on <https://www.townoflapointewi.gov>
- Fix forms issue on <https://www.townoflapointewi.gov/>

PROGRESS TOWARD SAFER BASELINE

## Mapped to your compliance checklist

---

### Website | Homepage and primary pages audited

**Status:** PASS

10 pages scanned with automated checks.

### Forms | Forms are accessible

**Status:** FAIL

10 forms detected.

### Documents/PDFs | All PDFs reviewed for accessibility

**Status:** FAIL

50 PDFs found and flagged for follow-up.

### Videos | Videos have captions/transcripts

**Status:** NEEDS MANUAL REVIEW

10 video embeds require caption verification.

### Technical WCAG | Technical WCAG checks

**Status:** FAIL

46 technical issues found.

For informational purposes only. Not a legal compliance certification.

## CRITICAL

## ARIA input fields must have an accessible name

Page: <https://www.townoflapointewi.gov>

Inspect + Remediate ↗

### What's wrong:

ARIA input fields must have an accessible name. Ensure every ARIA input field has an accessible name

#### What a visitor experiences:

*Assistive technology cannot identify this interactive element.*

### How to fix it:

Ensure custom form controls expose an accessible name through label, aria-label, or aria-labelledby.

```
● <div role="textbox"></div>  
● <div role="textbox" aria-label="Search the site"></div>
```

4.1.2 Name, Role, Value (Level A)

## CRITICAL

## ARIA input fields must have an accessible name

Page: <https://www.townoflapointewi.gov/>

Inspect + Remediate ↗

### What's wrong:

ARIA input fields must have an accessible name. Ensure every ARIA input field has an accessible name

#### What a visitor experiences:

*Assistive technology cannot identify this interactive element.*

### How to fix it:

Ensure custom form controls expose an accessible name through label, aria-label, or aria-labelledby.

- `<div role="textbox"></div>`
- `<div role="textbox" aria-label="Search the site"></div>`

All page content should be contained by landmarks. Ensure all page content is contained by landmarks

### What a visitor experiences:

*This element is not accessible to visitors using assistive technology.*

### How to fix it:

Review this element in the page template or CMS editor and apply the WCAG guidance referenced for this issue.

WCAG criterion requires manual mapping

For informational purposes only. Not a legal compliance certification.

MAJOR

## Elements must meet minimum color contrast ratio thresholds

### What's wrong:

Elements must meet minimum color contrast ratio thresholds. Ensure the contrast between foreground and background colors meets WCAG 2 AA minimum contrast ratio thresholds

### What a visitor experiences:

*Someone with low vision or color blindness may not be able to read this text.*

### How to fix it:

Adjust text and background colors so the contrast ratio meets WCAG AA minimums.

```
● color: #aaa; background: #fff  
● color: #595959; background: #fff /* 7:1 ratio */
```

1.4.3 Contrast (Minimum) (Level AA)

MAJOR

## Aside should not be contained in another landmark

### What's wrong:

Aside should not be contained in another landmark. Ensure the complementary landmark or aside is at top level

### What a visitor experiences:

*This element is not accessible to visitors using assistive technology.*

### How to fix it:

Review this element in the page template or CMS editor and apply the WCAG guidance referenced for this issue.

WCAG criterion requires manual mapping

MAJOR

## Zooming and scaling must not be disabled

---

### What's wrong:

Zooming and scaling must not be disabled. Ensure `<meta name="viewport">` does not disable text scaling and zooming

### What a visitor experiences:

*This element is not accessible to visitors using assistive technology.*

### How to fix it:

Review this element in the page template or CMS editor and apply the WCAG guidance referenced for this issue.

WCAG criterion requires manual mapping

## Items that still need human review

---

<input type="checkbox"/> <b>Alt text quality</b>	Found 0 image-alt findings to verify.	Automation can detect whether alt text exists, but not whether it accurately describes the image.
<input type="checkbox"/> <b>Caption accuracy</b>	Found 10 videos requiring caption review.	Automation can detect video embeds, but caption quality and accuracy require human review.
<input type="checkbox"/> <b>Login-gated content</b>	Public pages only. Protected content was not scanned.	Authenticated areas were not scanned in this public crawl and need separate manual testing.

## Board-ready summary

Category	Issues Found	Status
Website	58	PASS
Forms	2	FAIL
Documents/PDFs	0	FAIL
Videos	0	NEEDS MANUAL REVIEW
Technical WCAG	46	FAIL

This audit was conducted on May 6, 2026 covering 10 public pages for Townoflapointewi. The automated scan identified 106 accessibility findings, prioritized by severity so the district can address the highest-risk items first and then validate remaining content through follow-up manual review.

## Legal disclaimer

---

This automated scan identifies every accessibility issue that can be detected without a human reviewer — the full spectrum of automatable WCAG 2.1 AA violations. The remaining ~20% of potential issues involves human judgment calls that no automated tool can make; those items are flagged in the Human Review section of this report. This report does not constitute a legal audit, legal opinion, or certification of ADA compliance. ADAREporting.com makes no guarantee that passing this scan protects against legal claims under the ADA or any applicable law. Results are provided for informational purposes only.
